Recommendation: Decline Submission

Comments to the Author

1. The introduction does not have a research gap, so the contribution of the research is not clear.
2. there is no novelty of this research
3. no practical and policy contributions
4. very low quality of writing
5. there are a lot of inappropriate paragraphs, there can be no 1 paragraph less than 7 lines and there must be a relationship between one paragraph to another
6. research methods are unclear and of very low quality.
7. there are discussions that do not have logical explanations supported by qualified theories and articles. almost all parts of the discussion
8. the theory used in this study is not clear
9. the conclusion does not meet the rules of good writing.
10. overall, this article has a very low quality and must be improved again and please submit it again
